

**Farmers Market responses from 8-10 am
10-30-17**

What do you like about Durango?

People (5)
Physical location (3)
Community (2)
People out doing stuff
Weather
River, Rain, Land
Access to local good food
Can get to all, music, galleries, art center easily
Exercise places
Local Farmers
How the town's set up
The train
River trail, bike trails in general
Progressive thinking
Non-profits
How happy people are

What are the challenges /issues in Dgo?

Pedaling up hills
Traffic light at Home Depot
What are the bicycling rules
Winter
Shopping and the lack of freedom of choice
Weather (rain)
Sustainability
Affordability (2)
Housing
Hit by a car while biking (tourist)
Expensive
Growth (planned)
Herbicides in parks
Not a lot of ethnic diversity
Texas drivers
Pedestrians not looking
Water
Homeless people – taking care of them
Upper middle class, homogeneity, white
Invasion of housing where the animals should be
Expansion into open space

What does living in a diverse community mean to you?

We don't live in a diverse community

Some are marginalized

A lot of different people living together

Everyone has different experiences to contribute

Ethnic and feeling that everyone's welcome

All the humans, animal species wild and domestic, plant species, especially wild welcoming what is here now. Not needing to be different. Welcoming the changes. Embracing all.

More interesting life, more colorful

Greater sense of belonging to non-whites

Being with all kinds of people

Ages

Wide variety w/wide interests

Seeing all races and economic levels (not much here)

Messages to City Council

Great big thank you for all you do!!

Create parking (in 24 years just got worse) and it drives people to Walmart and the internet

Clean streets on weekend morning in downtown neighborhoods (puke and stuff from night before unpleasant and unsightly for visitors to our town)

Get a new City Manager

More bike lanes

Be progressive and fearless

Create more tiny house community options

Diversity of living conditions that meet low income and resource efficiency.

Don't kill more bears
