

## Buy Fishing Licenses

With the passage of Senate Bill 18-143, CPW is able to adjust pricing to meet the pressures of increased management costs and resource usage across the state. These adjustments allow the agency to continue our conservation mission, while also ensuring transparency and accountability in working to achieve the ten key goals laid out in the bill.

Fishing fees will change with the 2019-2020 season. Learn more about the approved 2019 Fishing License Fee updates, and visit Colorado Parks and Wildlife's website at: <https://cpw.state.co.us/aboutus/Pages/Our-Story-2019-Changes.aspx>

### Purchase at a Retail Location:
