

TRAFFIC UPDATE

Needham Connect Phase 2

Traffic Update: July 13 to July 17

The Safe Routes to School Needham Connect Phase 2 project will take place along Columbine Drive from Cottonwood Drive to Butte Drive.

Motorists can expect road closures for thru traffic on Columbine Drive from Arroyo Drive to Needham Drive. Residents will be able to access their homes. The City requests residents park in driveways during construction. See a schedule of road closures and project updates at DurangoGov.org/needhamconnect.

Work during the week of July 13 will involve saw cutting and removals/placement of asphalt and concrete. The project will be in operation Monday through Thursday from 7 a.m. to 7 p.m. Street crews will be placing a dust suppressant in the next few weeks on the Atmos repair to cut down on dust.

To sign up for weekly traffic updates, or for any questions regarding construction, contact the public information line at (970) 620-8482 or email needhamconnect@gmail.com.

For more information about this Needham Connect project, please contact Sarah Dodson, Acting Director of Transportation for the City of Durango, at (970) 375-4901.
