## Construction projects may hamper traffic on north Main Avenue next week

**Durango, CO:** The installation of a fiber-optic cable and the repair of a water main on north Main Avenue may cause traffic delays from May 9 to May 16.

Beginning Monday, May 9, city crews will begin repairing a water main at 19<sup>th</sup> Street and Main Avenue. Southbound lanes will be closed from 19<sup>th</sup> to 20<sup>th</sup> streets. Southbound traffic will be funneled into the center-turn lane. The work zone and shift of lanes will be in place 24-7 throughout the duration of the project. Alternate routes are encouraged, and motorists are asked to drive with caution.

Separately, north Main at 29<sup>th</sup> Street will be closed at 6:30 a.m. for approximately 30-60 minutes on Tuesday, 5/10, while a fiber-optic cable is strung across the road. All lanes will be closed in both directions during the installation. To minimize the impact on traffic, crews will have the cable ready for the crossing and then the lanes will be closed. The road should be reopened at 7-7:30 a.m.
