

The Way of the Path

[The Way of the Path Rules](#)

Boulder’s multi-use paths work just like our roads. Always stay to the right side of the path in order to keep traffic flowing smoothly. Pass on the left and then return to the right.

Ring your bell or say “on your left!” to alert other path users you are coming. This keeps everyone safe from unexpected collisions.

Whether you’re running late or just out there for fun, remember the speed limit is 15 mph.

Keep yourself and others safe by using a bike light on both the front and back of your bike. This way you can see where you are going, and people can see you coming.

We know that everyone uses the path for different reasons. Share Boulder’s multi-use paths by acting considerately and following the rules.

Keep dogs leashed and obstacles out of the way to keep the path running smoothly.

Avoid surprising other path users by slowing down around curves and paying attention to your surroundings.

Electric-assisted bicycles are allowed on Boulder’s multi-use paths. Enjoy this technology while still adhering to *The Way of the Path* .
